### SAYS ACTUAL RELIEF CAN COME ONLY THRU RESTORATION OF PEACE

Republicans Fail In Attempt To  
Pass Measure Over President's  
Veto--President Says There Is  
No Remedy In Legislation--No  
Time For High Trade Barriers

(By The Associated Press)

#### BULLETIN

WASHINGTON, March 4.—Efforts to override President Wilson's veto of the Fordney emergency tariff bill failed in the house early this morning and the measure originally designed to aid the farmers thereby met its death.

The vote on the motion to pass the measure over the president's veto was 201 for and 132 against.

Washington, March 2.—Believing there was no chance of passing the emergency tariff bill over President Wilson's veto, house Republicans, including members of the ways and means committee, urged leaders tonight not to demand a veto to override it. The conferences to this end were under way at 9:45 o'clock when the Clark Memorial service, which was to last one hour, began.

In vetoing the tariff measure President Wilson said that the situation in which many of the farmers of the country find themselves cannot be remedied by a measure of this sort, and that "there is no short way out of existing conditions."

Actual relief for the farmers, the president asserted could only come from the adoption of constructive measures of a broader scope, from the restoration of peace everywhere in the world, with the resumption of normal industrial pursuits, the recovery particularly of Europe and the discovery there of additional credit foundation.

The American farmer, the president asserted needed in the present situation a better system of domestic marketing and credit, and an opening to foreign markets rather than any protection from foreign products as laid down in the tariff bill.

The president remarked that it was not a little singular that a measure, "which strikes a blow at our foreign trade should follow so closely upon the action of congress directing the resumption of certain activities of the war finance corporation, especially the urgent insistence of representatives of the farming interests who believe that its resumption would improve foreign marketing."

Has Several Purposes  
"The title of this measure indicates that it has several purposes," the president's veto message said. "The report of the committee on ways and means reveals that its principal object is to furnish relief to certain producers in the nation who have been unable to discover satisfactory markets in foreign countries for their products and whose prices have fallen."

"Very little reflection would lead anyone to conclude that the measure would not furnish in any substantial degree the relief sought by the producers of most of the staple commodities which it covers. This nation has been for very many years a large exporter of agricultural products."

For nearly a generation before it entered the European war its exports exceeded its imports of agricultural commodities by from approximately \$200,000,000 to more than \$500,000,000. In recent years this excess has greatly increased and in 1919 reached the huge total of \$1,944,292,000. The excess of exports of staple products is especially marked."

The president detailed the exports and imports of wheat, flour and corn in the years 1913 and 1920 and continued, "Its imports in the same year 1919 of sugar and wool of course greatly exceed its exports. It is obvious that for the commodities except sugar and wool, mentioned in the measure, which make up the greater part of our agricultural exports, the imports have had little or no effect on the prices of the domestic products. This is strikingly true of such commodities as wheat and corn. The imports of wheat have come mainly from Canada and Argentina and have not competed with the domestic crop, rather they have supplemented it."

Legislation No Remedy.  
"The situation in which many of the farmers of the country find themselves," the message stated,

### WILSON TO RESUME PRACTICE OF LAW; COLBY HIS PARTNER

Firm Will Establish  
Offices in New York  
and Washington

#### START IN LIFE

WAS MADE IN LAW

(By The Associated Press)

WASHINGTON, March 3.—With a brief announcement that he will resume the practice of law, President Wilson today gave the first indication of what he intends to do after leaving the White House. Wholly unexpected and quite unknown to the president's closest friends, it was officially announced at the white house offices that Mr. Wilson would enter a partnership with Bainbridge Colby, of New York, the retiring secretary of state and that the firm would establish offices in New York and Washington.

The general assumption in Washington is that Mr. Wilson and Mr. Colby will engage largely in the practice of international law, a field to which the world war and its aftermath promise to contribute largely during the next fifty years.

Start in Life Was in Law  
Mr. Wilson's start in life was in law. Graduated from the University of Virginia in his native state in 1881, he practiced in Atlanta for two years and then in 1883, practiced in Baltimore while doing post graduate work at Johns Hopkins University. It was during that year his writings attracted first attention and he wrote his volume on congressional government. He abandoned the law soon after, however, and began the collegiate work in which he continued until he became governor of New Jersey.

With the announcement that the retiring president would take up law and apply to the supreme court of the United States for admission to practice, all official Washington asked: "Is he physically able to do so?"

Reverend Admiral Grayson, Mr. Wilson's personal physician, said his patient could, and that he would be able to appear in the supreme court "occasionally."

In the absence of any definite announcement of how active Mr. Wilson proposes to be, those who know his condition think his principal activities will be as a counselor.

BURGALARS GET BIG  
LOT OF LIBERTY BONDS  
Danville, Ill., March 3.—Burglars who forced the safety deposit vault in the bank at Wellington, Laqueus county, early this morning, escaped with \$1,000 worth of unregistered and \$25,000 worth of registered Liberty bonds. The burglary was not discovered until bank officers arrived this morning to open for business.

GOVERNOR WILL  
SIGN ANTI-CIGARETTE BILL  
Salt Lake City, Utah, March 3.—Governor Mayby announced that he would sign the anti-cigarette bill recently approved by both houses of the Utah legislature.

### Everything Ready For Inauguration

#### PRESIDENT WILSON HIGHLY EULOGIZED BY FRENCH PRESS

Work Worthy as That  
of Washington and  
Lincoln

ONE SAYS HE LEAVES  
FRANCE BITTER MEMORY

(By The Associated Press)

PARIS, March 3.—The Paris morning and evening papers of all shades of political opinion devote lengthy articles to the change in the administration at Washington, in which comment on the departure of President Wilson holds a larger place than speculation on the coming of President Harding.

The Temps says: "President Wilson is an apostle; he believes in principles as one believes in God. He has failed in his noble effort, as are bound to fail all those who wish to act above human nature as it is constituted."

"Woodrow Wilson will remain, however, as a man who understood that young America's place was at the side of the allies and who dared to unsheathe the sword to defend right and liberty. For this alone he will remain forever in history as a great American."

Alfred Capus in "La Gaulois" says:

"Among the great figures of the war, President Wilson is probably one whose standing history will experience the greatest difficulty in determining. Mr. Wilson's powers of realization are quite inferior to those of his imagination and thought. He leaves to France a bitter memory."

The Petit Parisien says: "Despite the bitter attacks to which he has been subjected, President Woodrow Wilson will remain great in history because he has been a noble soldier of idealism and humanity."

Lavictorie says: "President Wilson leaves the White House less triumphantly than when he entered it four years ago. There is a tragic grandeur in political and physical collapse of a man who two years ago was the moral dictator of the allied nations."

The Radical which represents the left centre party, says:

"History has rendered justice to Washington and Lincoln. We do not doubt that it will place Wilson among the best servants of the United States. The work of Wilson was as worthy as that of Washington and Lincoln."

#### DECLARES BRITISH AGREEMENT INIMICAL

Shipping Board Report Tells Senate  
Agreement Not in Harmony  
With Policy of United States.

(By The Associated Press)

WASHINGTON, March 3.—The agreement between the international mercantile marine corporation and the British admiralty requiring the corporation to operate its ships without injury to British commerce is inimical to the foreign commerce of the United States, the shipping board declared today in a report submitted to the senate. The report was in response to a resolution of inquiry as a result of charges by Senator Jones of Washington that the agreement was injurious to American shipping.

In reporting its findings after a hearing had been held on the charges the board declared the agreement was not in harmony with the policy of the United States, with respect to the development of its trade and commerce and at variance with both the letter and the spirit of the merchant marine act of 1920.

#### REDUCTION OF WAGES OF UNSKILLED LABOR

Boston, Mass., March 3.—A reduction in wages of the unskilled employees of all the principal railroads in New England was forecast today. The New York, New Haven and Hartford, the Boston and Albany and the Boston and Maine railroads called officers and employees in conference at which the extent of the cut is to be discussed. April 4 is the date tentatively set for the reduction which on these roads will affect approximately 7,000 men.

#### TRAIN DISPATCHERS STRIKE FOR FIRST TIME IN HISTORY

Withdraw from Service of  
M. & A. Railroad  
Thursday

WAGE REDUCTION IS  
GIVEN AS CAUSE

(By The Associated Press)

CHICAGO, March 3.—For the first time in the history of the American Train Dispatchers' Association, members have gone on strike, according to a statement issued today by J. G. Luhrs, president of the organization. Dispatchers have already withdrawn from the service on the Missouri and North Arkansas Railroad, he said, where a wage cut recently went into effect.

The train dispatchers will also join other organizations in withdrawing from the service of the Atlanta, Birmingham and Atlantic Railroad if they decide to strike, he added. This road went into the receiver's hands last week and a wage reduction was ordered by the federal court.

"These two cases grew out of decisions of the labor board," Mr. Luhrs said. "It seems to us that the whole structure of the transportation is at stake. If a wage scale can be avoided by the mere subterfuge of having a receiver appointed, then we had better know it now than later."

"Our actions are not guided by our desires in each case but we have to keep in mind the larger aspect of what would be the effect on the millions of railroad workers if we cooperate—as we are called upon to do—in actual violations of the transportation act."

"We cannot agree to the action of a federal judge unsustained by a supreme court decision setting himself up as superior to the transportation act."

#### DAVIS CONFIRMED AS UNDER SECRETARY OF STATE BY U. S. SENATE

Confirmation Comes Because  
of Foreign Relations  
Work

APPOINTMENT MAY  
BE PERMANENT

(By The Associated Press)

WASHINGTON, March 3.—The nomination of Norman H. Davis of Tennessee to be under-secretary of state was unanimously confirmed late today by the senate, acting in open executive session.

The confirmation was requested by Chairman Lodge of the foreign relations committee who intimated that it was desired by the Republicans because of Mr. Davis' work on the international communications council. It also was intimated he would be retained by the Republican administration to continue that work.

Unsuccessful attempts were made to secure the confirmation of Finis J. Garrett to be judge of the Western District of Tennessee. Senator Lodge contended that offices of federal judges ought to be reserved for the incoming administration and objected to Mr. Garrett's confirmation at that ground.

Chairman Wadsworth of the military affairs committee, reported the nominations of several hundred army officers, including promotions in grades below that of brigadier general and at his request the senate unanimously confirmed them. More than a thousand army officers including lieutenants and captains, however, failed to be confirmed.

#### POLICE CALLED TO QUELL BREAD RIOT

(By The Associated Press)

DETROIT, Mich., March 3.—Police were called out late today to quell a disturbance at a bake shop in Hastings street where 200 men and women attacked customers coming from the shop as a protest against alleged high bread prices. Bread taken from customers was broken and thrown into the street. The disorder followed the report of Justice Arthur E. Gordon, sitting as a grand jury in the bread price investigation here. The justice advised Detroiters not to purchase bread from dealers who charged alleged excessive prices.

Mr. Luhrs presented only a part of his testimony today, the board adjourning until morning to allow executive sessions over the week end.

#### HARDING CABINET MEMBERS EXCEPT ONE ARE ON HAND

Mellon Expected to  
Be in Washington  
Thursday Night

CONFER WITH THEIR  
PREDECESSORS

(By The Associated Press)

WASHINGTON, March 3.—All of the men selected by President-elect Harding to be members of his cabinet, except Andrew W. Mellon of Pittsburgh, who is to be secretary of the treasury, were in Washington tonight. Mr. Mellon is to arrive early tomorrow and during the day will confer with Secretary Houston.

Nominations of the new cabinet officers are to be transmitted to the senate at the special session of that body which begins at noon tomorrow, but the new officials will not take office until Saturday.

They will be sworn in by the chief clerks of the several departments in the presence of the men they succeed and the chiefs of the bureaus over which they are to preside. Charles Evans Hughes, who is to be secretary of state and Henry P. Fletcher, who is to be under-secretary conferred for two hours late today with Secretary Colby and Under Secretary Davis.

After leaving the state department, Mr. Hughes called on President-elect Harding at his hotel for a brief conference. Others of his cabinet selections received by the president-elect included James J. Davis whose appointment as secretary of labor was announced while Mr. Harding was enroute here today from Marion, Harry M. Daugherty who is to be attorney general and John W. Weeks of Massachusetts who is to be secretary of war. Senator Fall of New Mexico, secretary of the interior designate, spent some time with Secretary Payne at the interior department discussing the work of the department. Mr. Fall will submit his resignation as senator tomorrow.

Edwin Denby, the new secretary of the navy and former Senator John W. Weeks, who has been chosen as secretary of war already have conferred with Secretaries Daniels and Baker respectively, while Herbert Hoover has had a long conference with Secretary Alexander at the department of commerce. All present members of the cabinet will present their resignations in writing to President Harding as is the custom. Two such resignations, those of Secretary Payne and Postmaster Burleson arrived at the white house today. They were laid aside by white house attaches, for the presentation to Mr. Harding.

#### TRAIN DISPATCHERS OFFER SET OF RULES

Work Out Schedule of Wages and  
Working Conditions and Present  
it to Railroad Labor Board.

Chicago, March 3.—The first proposed schedule of wages and working conditions worked out in detail to be presented by any organization of that class of railroad workers known as subordinate officials was presented to the railroad labor board in the general officers hearing today.

J. G. Luhrs, president of the American Train Dispatchers' Association, appeared with a set of rules which he proposed as a substitute for the regulations established under federal control. No group of subordinate officials has any national agreements except the rules and regulations laid down by the federal administration. E. T. Whiter, chairman of the carriers' committee before the board has contended that the train dispatchers have no national agreements of any kind, refusing to recognize the federal rules as agreements.

Mr. Luhrs presented only a part of his testimony today, the board adjourning until morning to allow executive sessions over the week end.

#### TEARNEY ISSUES CALL FOR MEETING

Chicago, March 3.—President Tearney of the Three I League tonight issued a call for the club owners to meet here Monday, March 14, to adopt a schedule for the coming season. The season will open May 12 and a schedule of 120 games probably will be adopted.

### OFFICIAL APPROVAL GIVEN TO PLANS BY PRESIDENT-ELECT

Part Wilson Will Play in the Ceremonies is  
Yet Undecided—President-Elect and Mrs.  
Harding Call at the White House—Also  
Call of Sympathy on Mrs. Champ Clark

(By The Associated Press)

WASHINGTON, March 3.—After eight eventful years in authority, the Democratic administration of Woodrow Wilson closed up its books today and rested to await the termination of its tenure at noon tomorrow.

While the final balance was being struck by the outgoing officials, Warren G. Harding, Republican, president-elect, came to Washington, gave his approval to the simple inaugural ceremony that will attend his induction into office, completed formally his cabinet, and finished his part in the inaugural preliminaries by going to the white house for a call of courtesy on Mr. Wilson.

For his part the retiring president provided, perhaps the last of the long succession of sensations scattered thru his eight years in office by announcing that when he leaves the white house he will take up the practice of law. Meantime in striking contrast to the usual holiday turmoil of inauguration eve, the streets of the capital reflected only in a mild degree the complete rearrangement about to be made in the national government.

Flags and hunting were broken out in recognition of the impending event and tonight the dome of the capitol building was illuminated for the first time since the celebration of the armistice. The small crowds which had cheered Mr. Harding in his movements about the city had almost deserted the streets by early morning.

In accordance with the desire of the president-elect tomorrow's inaugural ceremonies will be far and away the simplest of recent years. Four troops of cavalry will escort the president and president-elect to the capitol, but no parade will be permitted and there will be little of the pomp of former inaugurations at the taking of the oath on the east portico.

Just what part President Wilson will play in the day's program remained in doubt tonight. Although his broken health makes it difficult for him to move about he has prevailed upon his family and medical advisers to permit him to follow out the custom of riding down Pennsylvania avenue with his successor.

He also hopes to witness the entire ceremony, but it seemed doubtful whether he could do so. The call of Mr. Harding at the white house took place late in the day after the president-elect had conferred with Senator Knox and several other leaders of his party in and out of congress.

Mr. and Mrs. Harding were received by Mr. and Mrs. Wilson in the green room and after tea had been served the four remained together for twenty minutes chatting largely of the household affairs of the executive mansion and little details of the inauguration.

Crowd Greets Hardings  
The special train which brought the president-elect and his wife from the green house in Marion, Ohio, reached Washington at 1 p. m. and was met by a crowd of several hundred who cheered the new president and first lady of the land as they climbed into a white house automobile at the station exit reserved for the president.

They drove directly to the New Willard Hotel where they occupied a suite of rooms during the afternoon and tonight. A few knots of people cheered them down Pennsylvania avenue, but in the main their progress attracted little attention.

Call on Mrs. Champ Clark  
At four o'clock the president-elect and Mrs. Harding left for a call of sympathy on Mrs. Champ Clark, widow of the veteran Democratic leader who died yesterday. They went to Mrs. Clark's apartments in another hotel and remained with her for fifteen minutes, afterward returning directly to their own suite.

Just before his call at the white house, Mr. Harding received the Washington correspondents telling them he had made the appointment, not because he had any news to give but because he wanted to begin his friendship with them while he still was nothing more than a member of their own profession. He assured them that they would always be welcome at the executive mansion, and declared that all he asked in his relationship with them was an application of the golden rule on both sides.

The city council here is with propriety considering various street improvements. There are said to be several streets where the majority of property owners are very hopeful that the board of local improvements will project paving. These residents were not enthusiastic about paving last year, but because of the lower cost of materials they believe that this year should see the work done. As so much of the needed work in Jacksonville is pavement retopping rather than new pavements, it is to be hoped that the city authorities will give careful consideration to the experiences of other cities in this retopping work.

People in Chapin are planning to use the churches there for school room purposes, now that the grade building has been destroyed. The time was not so many years ago, when the use of church building for anything but religious services would have been counted a desecration. It is proof of a larger vision and a

greater understanding of the mission of the church that it now purposes to serve the needs of the community in normal times and in days of stress.

Men who have been placed at the head of the different departments of the state by Governor Small are evidently entering upon their work with earnestness. The governor has let it be known that he is expecting efficiency in all departments and that "efficiency" is not merely a slogan. Naturally most of the time of recent weeks has been spent by the appointees familiarizing themselves with their duties and with the needs of their departments. But there are evidence of a desire for hearty co-operation in forward work on behalf of the interests of the whole people.

As has been already said, there is peculiar fitness in having the first building for vocational training among mentally disturbed located in Jacksonville. The fact that the earlier residents of this city were pioneers in the movement for the protection and betterment of persons properly the wards of the state, is proven by the fact that there are three state institutions located here. Those earlier time devoted residents of Jacksonville blazed the way for the great public welfare movements of this present day. Institutions have been established in other cities as the needs of the state have increased with passing years, but the prestige of Jacksonville in this beneficent work has not been destroyed. The seed sown in those earlier days is still bringing forth fruit, as it fell upon fertile ground.

### PUBLIC HEALTH AND THE SUBMERGED CLASSES

That more than 75,000 men, women, and children out of a total population of 783,000 are dependents, delinquents, or feeble minded and are unable either to work or fight and are a constant drain on the finances, health and morality of the State is the startling result brought about by a survey conducted in Oregon. Moreover, more than 500 children out of a total school enrolled population of 32,500 were found to be more or less mentally deficient, a fact which is of much significance when it is remembered that the condition of the children of today is the best possible index to the condition of the community of tomorrow and indeed to the future of the race.

The figures yielded by the Oregon survey are considerably lower than the average shown by the draft examination, a fact that indicates, in the opinion of the U. S. Public Health Service officers, that they are certainly not higher than those that would be obtained by similar surveys in other states. It is considered greatly to Oregon's credit that it has been one of the first states to realize the importance of the problem and to take effective steps toward ascertaining the exact facts concerning it. "The making of the survey," said Surgeon General H. C. Cummings, "was not an easy task, for in Oregon, as in many other states, comparatively few of the types involved are being cared for in institutions. The rest are widely scattered and were practically unknown, for most of them are quiet and do not attract attention as do the insane and criminal. It was therefore necessary to build an organization to find them and report on them."

## OPERETTA GIVEN AT BLUFFS WAS SUCCESS

### "Cinderella in Fairyland" Presented by Pupils of Lower Grades—Children Trained by Miss Fern Crabtree of High School Faculty

Bluffs, March 2.—The operetta, "Cinderella in Fairyland," presented by Pupils of Lower Grades—Children Trained by Miss Fern Crabtree of High School Faculty.

Scene 1—Prince Sunshine's invitation to the May day ball. Twelve little girls in gala attire were invited by Prince Sunshine to attend the May day ball in Fairyland.

The prologue—"Far Away from Fairyland" was sung from the front of the curtain by a little miss of 7 years who was dressed as a little fairy with a golden sash to row her back to Fairyland.

Scene 2—Godmother Nature sends "Daisy" the lowly woodland flower to the ball. The music and dancing was very beautiful in this scene. The honey bee, a boy in black and yellow as page with two dainty little butterflies as charioteers with golden reins arrive bearing the woodland Daisy to the ball. The two jealous sisters, Hollyhock and Tiger Lily recognize her as their Cinderella sister. They become enraged at her beautiful costume and radiant beauty.

Scene 3—The May day ball and the shower. The Prince of Sunbeam castle, a dainty lad clad in golden yellow silk attire falls in love with Cinderella and they had the dance in this scene. The raindrops spoil the ball. Later the rainbow appears and the dance continues. A slipper is lost which only Cinderella can wear. The godmother gently reproves her for lingering too long at the ball but because of her gentleness gives her again her beautiful costume which was the envy of all at the ball. She is then crowned as the Princess Marguerite of Sunbeam castle. The six little sunbeams were dressed in golden yellow and with their singing and dancing added new beauty to the scene.

Teachers and pupils all deserve much credit and praise for the perfection of the play, each child being so carefully trained that the most critical had nothing but words of praise.

The funeral of Mrs. Harmon Nortrup was held at the family residence near Bluffs at 12 o'clock Wednesday.

The funeral cortege passed to the little church in Neeley's where the funeral sermon was read by the Rev. J. Deterding, pastor of the Lutheran church of Neeley. Burial was made in the cemetery at Neeley's.

Mr. and Mrs. H. S. Wolford returned Monday evening from California, where they have been spending the winter.

Mrs. Ralph Allen and mother, Mrs. Onslow Leib of Exeter spent Monday with their niece, Mrs. Lee Baird in town.

L. M. SHIRTCLIFF HAD SALE THURSDAY

## OXYGEN TREATMENT FOR MILK FEVER

Recently in treating milk fever in the cows of the herd belonging to the University of Illinois, oxygen was used instead of air and found superior. At this season of the year one may expect milk fever to attack some of the older cows, especially those which are normally high producers and in good flesh.

The symptoms of milk fever are fairly easy to distinguish. An attack almost always occurs forty eight hours after the animal calves tho in some rare instances it occurs before calving and in some rare instances it will occur a week or even a month or more after calving. The affected animal usually shows signs of uneasiness has a rather fixed stare out of the eye, and shows a weakness in the hind parts. These symptoms quickly give place to almost complete paralysis and the animal is unable to rise to its feet tho it may try to do so. At this time the animal frequently tho not always takes a characteristic position of putting the head around on one side, the nose near the rear flank. These symptoms should not be overlooked especially if the animal has calved recently. Without proper treatment the animal will usually die.

Previous to this time the most successful treatment for milk fever has been the pumping of air into the udder. The oxygen treatment is superior to air for several reasons. Oxygen is a sterile product and therefore reduces the chances for the infection of the udder. Furthermore, oxygen is slowly absorbed by the tissues, and we do not find oxygen collecting under the skin and loosening the same as does air. Again the oxygen treatment is simpler, as the oxygen comes in small metal cylinders ready for use and all of the additional equipment necessary is a small piece of hose and a milking tube. The latter should be carefully sterilized by placing in boiling water.

In applying treatment for milk fever the end of the teat should be disinfected with a solution of tincture of iodine, or other equally good disinfectant, then the small tube should be pushed into the opening of the teat and oxygen allowed to flow in until the udder is tight. Indicating considerable pressure within. The tube should then be removed and the teat tied to prevent the escape of the oxygen. In tying the teat a rather soft, flat cord or tape should be used as it is less likely to cause the teat to become sore as a result of the lack of circulation. Each teat should be filled with oxygen in the same way. If the animal being treated is lying on her side, it is usually best to fill the teats nearest the ground first as they are much easier to reach than if those above are filled. Usually the animal will be able to get up in from two to four hours if taken in time and treated as above in cases where the cows do not get up in four hours it is best to inflate the udder a second time. In case of doubt as to whether or not the cow really has milk fever, take a chance and give the oxygen treatment. It carefully and properly applied will do no harm and it might save a very valuable cow.

The cost of the treatment is not excessive. The small oxygen cylinders cost about seven dollars each when new and can be refilled repeatedly. It costs about \$1.50 each for each filling. Each cylinder contains about forty cubic feet of oxygen and will treat five to eight cows for milk fever.

## WINCHESTER CHURCHES WELCOME MINISTERS

### Four Churches to Unite in Welcome Service for Rev. and Mrs. W. R. Johnson and Rev. and Mrs. Gibbons Tonight—Other Winchester News Items.

Winchester, March 3.—The Christian, Baptist, Methodist and Baptist churches have planned a welcome service at the Baptist church Friday night for Rev. and Mrs. W. R. Johnson and Rev. and Mrs. Gibbons. The occasion promises to be one of more than usual interest.

Luther Mason, traveling salesman, arrived Wednesday night for a short visit with his parents.

Mrs. F. R. Waters is confined to her home by illness.

Samuel Farrington and wife left Thursday for Chillicothe, Mo. and from there will return to their home in Denver.

Rev. and Mrs. W. R. Johnson returned home yesterday from Jacksonville.

Edith C. Miller (Mrs. Marshall Miller) will appreciate your vote on Republican primary ticket Tuesday.

## LOCAL BOYS MET IN SOUTH AMERICA

Relatives here of Richard McCarthy and James Cummings have received word that they recently met at Valparaiso, Chile, and that they are now at Panama. Over two years ago both of these Jacksonville lads enlisted in the navy. One was assigned to duty with the Atlantic fleet and the other with the Pacific fleet.

Their duties have taken them to different parts of the world until recently, when the two fleets came together along the South American coast. It was while making a visit to one of the South American cities that these boys from the same hometown had the pleasure of meeting.

## FORD GARAGE TO OPEN IN WAVERLY

People of Waverly are very much interested in the Ford garage opening which will be held there tomorrow. The program for part of the day and the evening session is under the direction of the American Legion. Experts from the Ford factory will be present to talk about Ford cars and Fordson tractors.

DEPARTMENT HEADS  
PREPARE FOR WORK

Directors of State Executive Departments Confer with Governor Small—Seek to Promote Efficiency.

Springfield, Ill., March 3.—The new directors of the State executive departments are organizing for efficient administration, they told Governor Len Small at the cabinet meeting this week.

Following the meeting the governors declared the spirit of the directors is all that could be desired.

"I never have seen men take hold of their work with greater eagerness or with a more responsive public spiritedness," he said. "They are all anxious to render the greatest degree of service."

In the cabinet meeting, according to some of the directors, the governor outlined the policy of the administration as to public service. He pointed out that the important question in any executive problem should be what is to the best interest of the people? Any decision made in the light of this inquiry, he believes, is likely to be sound.

The directors have been devoting much of their time since their appointment to acquainting themselves with conditions in the various divisions of their departments and working out a program for future administration.

Judge C. H. Jenkins, director of Public Welfare, is visiting every State institution in order that he may have first hand information on how the institutions are being managed and whether or not the wards of the State are receiving the best possible attention. All of the State charitable institutions, the two prisons and the reformatory are under his jurisdiction.

B. M. Davison, director of agriculture, is thoroughly familiar with his department and is already inaugurating a number of reforms which will increase efficiency and economy. As former member of the Board of Agriculture, former secretary of the State Fair and manager of the Fair at the time of his promotion he has an intimate knowledge of his department.

Col. C. R. Miller of Kankakee, director of Public Works and buildings, has been busy investigating building material and freight rate conditions as they relate to the building of hard roads, and acquainting himself with the status of the various projects under his jurisdiction. The road building program, the construction of the deep waterway and the completion of the Centennial Memorial Building are some of the duties of this important department.

George B. Arnold of Chicago, director of labor, is preparing to make the various free employment bureaus in the State more effective agents in decreasing unemployment. His department also will make an industrial survey of the State under the terms of a law enacted two years ago. The industrial commission is connected with this department.

W. H. H. Miller of Champaign, director of registration and education, is conferring with physicians, druggists and others who are licensed by this department, to learn the best means of cooperation with the professions for the public good.

Dr. Isaac D. Rawlings, director of health, is drawing on his wide experience as a public health executive in working out a program for his department.

George A. Baar, of Joliet, director of trade and commerce, under whom are the Utilities Commission, the Insurance Department, Fire Marshal and the grain inspection agencies and the work performed by them.

A Good Name.  
He stopped at the Association for a night. He found clean linen, a clean room, clean hallways, friendly attendants, clean language on the part of the occupants of adjoining rooms. Pervading the building, he noted a spirit of alert Christian optimism. His was a chance visit, but he went away singing the praises of the Young Men's Christian Association. The things that produced this result are not chance happenings, they are directly due to the workings of the policy of this Association.

1. It believes that a Christian institution ought to mean a well-managed institution.

2. It believes that the dormitory and lobbies and cafeteria are points of contact that are constantly selling the Kingdom of God to men as they pass in and out.

3. It believes that things don't happen by chance, so janitor staff, cafeteria force, dormitory helpers are all organized and inspired in line with the larger purposes in view.

4. Persistently and enthusiastically, the men coming into the dormitory and elsewhere are met with a straightforward presentation of the Association as a part of their lives, their institution.

This is all indirect functioning, but it sets in motion a great undertow of influence and it may be a "cup of cold water" and lead some man into larger purposes, and a broader outlook.

Billy Sunday is to be at Cincinnati this month and April, but the Association which will cooperate heartily is not waiting until his coming to see decisions. In December there were 28 in the shop, and Sunday men's meetings. A result in the training course for leaders and promotion of boys' clubs in the churches is the adoption of the fourfold program and requests by the church for help in their boys' work.

It Has the Habit. Aurora, Ill., has closed free of debt for twelve years. Over 200 sustaining members paid \$25 up for membership. Over 400 boys are members. Gospel team work on the streets and factories with Bible classes and personal evangelism is counting heavily.

No Time for High Trade Barriers  
"Clearly this is no time for the erection here of high trade barriers. It would strike a blow at

the large and successful efforts which have been made by many of our great industries to place themselves on an export basis. It would stand in the way of the normal readjustment of business conditions thruout the world which is as vital to the welfare of this country as to that of all the other nations.  
The United States has a duty to itself as well as to the world, and it can discharge this duty by widening, not by contracting, its world markets.  
This measure has only slight interest so far as its prospective revenue yields are concerned. It

is estimated that the aggregate addition to the nation's income from its operation for ten months would be less than \$72,000,000, and of this more than half would arise from the proposed duty on sugar. Obviously this and much more can be secured in ways known to the congress which would be vastly less burdensome to the American consumer and American industry.  
The rates, however, have a peculiar interest. In practically every case they either equal or exceed those established under the Payne-Aldrich act, in which the principle of protection reaches its high water mark and the enactment of which was followed by an effective exhibition of protest on the part of the majority of the American people. I do not believe that the sober judgment of the masses of the people of the nation or even of the special class whose interests are immediately affected by this measure will sanction a return, especially in view of conditions which lend even less justification for such action to a policy of legislation for selfish interests which will foster monopoly and increase the disposition to look upon the government as an instrument for private gain instead of an instrument for the promotion of the general well being. Such a policy is antagonistic to the fundamental principle of equal and exact justice to all and can only serve to revive the feeling of irritation on the part of the great masses of the people and of lack of confidence in the motives of rulers and the results of government."

MRS. SHARP'S FRIENDS HARDLY KNOW HER NOW

Gains 20 Pounds and Health Restored by Tanlac After Years of Suffering—Looks and Feels Like Different Woman! She Says.

"Since I started taking Tanlac I feel like an entirely different woman and have gained all of twenty pounds in weight besides," said Mrs. John Sharp, of 415 Second St., LaSalle, Ill.  
"For the past ten years up to the time I got Tanlac I suffered from indigestion and disordered kidneys and a general run-down condition and hardly ever knew what it was to have a well day. I had no appetite hardly, and after every meal I had a distressing feeling of fullness and the pains in the pit of my stomach became almost unbearable. I often felt so dizzy that sometimes I fainted. My kidneys, back and sides hurt almost constantly and whenever I

stooped over I couldn't straighten up without suffering agony.  
"Tanlac certainly acted different from anything else I ever tried and by the time I had finished the first bottle my appetite got better and the misery in my stomach and back was easing up. Well, I kept right on taking it, and now my friends say they would hardly know me for the same woman.  
"I can eat three hearty meals a day and never have a sign of indigestion. My kidneys have quit bothering me and I never have an ache or a pain anywhere. I have gained in strength and weight and feel good all the time, and I haven't had a spell of dizziness since I began taking this medicine. My only regret is that I didn't get it ten years ago, for it would have saved me all those years of suffering."  
Tanlac is sold in Jacksonville by Coover Drug Co., Wyle Drug Co., Waverly and Franklin, and the leading drug store in all cities.—Adv.

REBEKAHS PRESENT PLAY AT MURRAYVILLE

"The Face in the Window" Presented Before Crowded House at Carlson's Hall Thursday Night—To Be Repeated Tonight

In accordance with their annual custom, the Rebekahs of Murrayville staged a play last night, presenting the "Face in the Window" the part of the heroine was taken by Miss Mildred Wright, and T. G. Beadles played the comedian roles. The principals and those who had minor parts acquitted themselves with great credit and their efforts were exceedingly well received by the audience.  
The cast of characters included the following:  
Reginald Stoddard — George Kennedy.  
Chester LaGrange, also known as "Second Story Bill"—S. P. Jones.  
Mose Johnson—T. G. Beadles.  
Henry Swarthwood a detective—Carl Rousey.  
Vera Stanley—Miss Mildred Wright.  
Mrs. Stoddard—Miss Susan Tannahill.  
Lillian Stanhope — Miss Helen Rousey.  
Dinah—Miss Jane Wright.  
In addition to the play there were a number of excellent musical numbers. A male quartet including James Solomon, Charles F. Short, Frank Sooy, and Warren Wright rendered several selections and a trio furnished some fine instrumental music. The trio was made up of Mrs. Iva Short, pianist; Benjamin Wright, banjo and Floyd Short, mandolin.

OFFICIAL APPROVAL GIVEN TO PLANS BY PRESIDENT-ELECT

(Continued from Page 1)  
Besides the selection of Mr. Davis as secretary of labor, which finally closed the cabinet slate of the coming administration Mr. Harding announced definitely during the day that George B. Christian, Jr., of Marion, would go into the white house with him as his secretary.  
The choice was one which had been generally known for some time, tho the president-elect never before had made a public statement regarding it.  
Mr. Christian, who served as private secretary to Mr. Harding during the latter's service in the senate and thruout the presidential period, once was a cub reporter on his chief's newspaper in Marion and the two have been next door neighbors there for twenty years. When he took the position as private secretary he was manager of a lime and stone company.  
Altho no formal announcement was made it also became known that virtually the entire white house staff that is to service with Mr. Christian had been chosen, altho their respective positions yet are to be assigned.

WILL OPEN NEW FORD GARAGE AT WAVERLY

Waverly, Mar. 3.—Next Saturday will mark the opening of the new Ford garage in Waverly. An all-day program has been arranged, with a combination dance, given by the American Legion, at night.

During the morning and afternoon a "Fordson Clinic" will be held. Factory experts will be in charge and a Fordson will be completely disassembled and the parts discussed. Moving pictures will also be shown. The public is invited.

Bradley Novelty orchestra will furnish the music for both the square and round dances, which will be about equally divided on the dance program.

GOOD COMEDY STAGED AT THE GRAND

There are scores of interesting situations in "Adam and Eva" presented at the Grand Opera house last night by one of the Comstock & Gest capable companies. "Adam and Eva" is listed as one of the cleverest and most charming comedies that recent years have produced and it had an exceptional run in the larger cities.

The story of the comedy revolves around James King, a millionaire rubber manufacturer who has a large and expensive family. A young physician aspires to the hand of his daughter Eva, but his suit is not looked upon with favor by the father. In order to help the young man's prospects the members of the family planned to have their father make a trip to one of his distant plantations. While he is absent his young business manager is entrusted with the management of household affairs. Various complications occur, both at home and on the millionaire's trip abroad, all of which are of a mirth-provoking type. The large audience present last night found the comedy written and presented in a very happy vein.

ENGRAVED LORD'S PRAYER ON PIN HEAD

Newbern, N. C., March 3.—(By A. P.)—J. O. Lowder has on display at his shooting gallery in this city an ordinary steel pin on the head of which is engraved the Lord's Prayer.

The engraving is the work of C. H. Baker, of Spokane, Washington, and the job required three years to complete, according to Mr. Lowder. There are sixty five words, two hundred and fifty four letters and nineteen punctuations on the pin head, and each is so perfectly formed that beneath a magnifying glass they stand out clearly and can be read with ease.

WANTS UNITED STATES TO BUILD ANOTHER CANAL

Washington, March 3.—The proposal that the United States construct another canal between the Atlantic and Pacific Oceans via Lake Nicaragua was revived today by Representative Randall, California who introduced a resolution to authorize a commission, consisting of the secretaries of commerce, war and navy, to look into the feasibility of utilizing the route.

H. J. Rucker, associate adviser, went to Litterberg yesterday and established a livestock shipping center there.

VIRGINIA HIGH WILL PLAY TONIGHT

Will be Jacksonville's Opponent in David Prince Gym—Chapin Comes for Game Tonight.

Virginia high will play Jacksonville high in David Prince gymnasium tonight. The game will start at 8 o'clock.

Virginia has been playing some fast basketball recently and expect to give the locals a good run for their money. Coach Mitchell has been working his men hard to get them in shape for the tournament which will be held next week.

All the men are in good shape except Hunter who has a bad ankle. It is expected that he will be in shape for the tournament as he is able to practice but Coach Mitchell is not taking any chances on getting the ankle hurt again.

However, Goebel seems to have just found himself and played a great game at center against Normal and should give a good account of himself in the tournament games.

The local tossers will play Chapin Saturday evening in David Prince and Coach Mitchell probably will give some of his second string men a chance to play as he wants the practice for the tournament.

Any ladies who are interested in becoming members of a Woman's Exchange, please call at Coverly's Market Saturday afternoon.

## NEW BUILDING AT J. S. H. IS DEDICATED

Structure Built By Patients Is  
For Development of Vocational  
Work—Program Given In Af-  
ternoon—Bazaar Shows Progress  
of Work.

It was a matter of regret that neither Judge C. H. Jenkins, director of the state department of public welfare, or Miss Jane Addams, well known welfare worker of Chicago, could be present yesterday for the dedication of the vocational training building at Jacksonville State hospital. However, the program of the after-

noon was one of worth and interest, and a large audience was present.

Special interest attached to the occasion from the fact that the building, which will be used for vocational training, was erected for the most part by inmates of the hospital. Furthermore the work which is being done here is of a pioneer kind.

Dr. E. L. Hill, managing officer of the hospital, presided yesterday and voiced the pleasure of the hospital authorities in welcoming so large a company. He spoke briefly of what has been accomplished at the hospital in vocational training work, and the possibilities for future development.

The invocation was by Rev. T. H. Tull, then Mayor E. E. Crabtree made an address as did Dr. T. O. Hardesty and L. W. Wahlstrom, the last mentioned being assistant director of vocational training in this state. The benediction was by Rev. Father Formaz. The hospital orchestra of 15 pieces played a number of selections and added to the pleasure of the occasion. In connection with the afternoon program a bazaar was conducted in the west wing of the building. The various exhibits purposed to show what is being done in the line of vocational work and some articles were offered for sale, the proceeds to be added to the patients' Fourth of July fund.

In the evening a vaudeville program was given, followed by dancing from 9 until 12 o'clock. In his opening remarks Dr. Hill explained that the state had appropriated \$15,000 for the building. The material cost grows rapidly but by the use of hospital patients under the direction of skilled foremen it was possible to erect the building with the fund available. Then Dr. Hill outlined briefly the uses to which it is expected the building will be put in the development of vocational work.

The City's Heritage.

The chairman then introduced Mayor Crabtree, who dwelt upon the fitness of having the first vocational training building in the state located in this city, because of Jacksonville's intimate

connection with the charitable institutions of the state. "It is a heritage of this community," said Mayor Crabtree, "and this building can be of use and fulfill its purpose only as there is the opportunity of service in the community. More walls and more and spaciousness cannot make the building an effective force."

Then Mayor Crabtree briefly sketched the founding of Jacksonville State hospital thru the special interest of Miss Dorothy Dix and Dr. Meade of Illinois College, who prevailed upon certain members of the legislature to make a small appropriation for the founding of the hospital.

The earlier facts in connection with the founding of the School for the Blind were also told and Mr. Crabtree said that without doubt most of the interest in charitable institutions was of the direct result of the coming of the Yale band and the founding of Illinois College.

The Soldier's Sacrifice.

Dr. T. O. Hardesty had been called upon just a few minutes before the program began, to supply the place of W. T. Harmon, who was unable to be present. Dr. Hardesty who was in the army service for an extended period, spoke with an accurate knowledge of conditions overseas and in the army camps of the U. S. He mentioned the great sacrifice that men made in enlisting in the army for small monthly pay. He said that many of the most successful young men in the army had been trained for special callings and to leave their work and its opportunities for advancement meant a great loss.

Then the speaker referred to the sacrifice of health and the general hazards of war, mentioning that the danger from disease was much greater than from bullets. The speaker gave some interesting facts about the closing months of the war, going to show that during two distinct periods Germany came very near to winning and it was almost a miracle that kept the Hun from realizing his advantage.

In urging that something be done for soldiers Dr. Hardesty said that figures prove that practically 80 per cent of ex-service men have dropped their war risk insurance. He expressed the belief that this was due largely to the increase in rates and said that the government owes it to ex-service men to continue the war time insurance rates.

Government Obligations.

Then the speaker emphasized the obligation of the government to care for the totally disabled, to restore the sick to health when possible and to take proper care of soldiers' widows and orphans.

L. W. Wahlstrom of Chicago, who is assistant director vocational training in the state, made the final address. Mr. Wahlstrom gave some facts and figures to show what the government is accomplishing in vocational training work. He said that the old idea of rewarding soldiers by placing them in homes where they can spend their remaining years in physical comfort and without work has passed away. The ex-soldier of today wants to feel that he is of some value to his community and his great desire is to be self-supporting. Various instances were related tending to show how the government seeks to adapt the training given to each individual coming under its care.

The benediction was pronounced by Rev. Father Formaz.

Bazaar and Exhibits.

Earlier in the session Dr. Hill expressed his regret because of the absence of Miss Addams and Judge Jenkins. The latter had found it necessary to attend a special session of the legislature and could not be present. Miss Addams' telegram, received Thursday morning, stated that because of an acute sore throat her physician had warned her not to make the trip to Jacksonville which she had planned.

Following the program many visitors present found great pleasure in visiting the west wing of the building and noting the bazaar attractions. This perfectly lighted building is ideal for such a purpose and the various exhibits were all arranged with a view to giving the public an understanding of what vocational training means. In one booth samples of sewing and mending done by 90 women were on display and in another the tailoring work done by 45 men. Scores of toys made from wood were on view and offered for sale. A placard indicated that there were 52 workers in this department.

Other exhibits were of concrete blocks, chairs and porch furniture, tinware and broom-making. There were fine exhibits from the farm and garden and from the dairy, while a beautiful array of carnations, roses, geraniums and other flowering and foliage plants gave an idea of the excellence of the hothouse department. Candy and ice cream were offered for sale. The decorations were of a bazaar type and the whole event was well planned.

## MISS HORSBROUGH IN BRILLIANT RECITAL

Head of Violin Department of  
Woman's College Delights  
Large Audience—Miss Sapiro  
Gives Able Assistance.

A capacity house greeted Miss Horsburgh of the faculty of the Illinois Woman's College of Music and Miss Sapiro of New York City at 8:15 yesterday evening.

Miss Horsburgh had had a most delightful introduction to the public thru her predecessor, Miss Moore, whose friend she is; and Miss Sapiro in turn came before her audience as Miss Horsburgh's friend.

The introduction given both thru the events of the past few weeks had awakened a keen interest in the large audience and to say that no one present went away with any but a feeling of gratitude for the work of the evening is giving the program merited praise.

The interest awakened by the strong rhythms and sturdy melodies of the ensemble number by Grieg, which opened the program did not flag so long as these two young artists had anything further to offer.

Miss Horsburgh played upon a choice instrument and her tone was vibrant and true. Her fleet fingers and her well trained responsive bow arm did valiant service in expressing the moods she brought to the evening's work.

In her last group she was obliged to repeat the Moments Musical Schubert-Auer, which is a noble transcription of this gem from the pen of Schubert. She also added at the close of the program Vienna Waltz by Kreisler.

Miss Sapiro proved an able co-worker. Her part of the program gave Miss Horsburgh ample opportunity to do what she liked as she chose. She was always ready and sympathetic.

Her solo work also gave great pleasure. Her playing is marked by a "purring" quality of finger work that gives great pleasure. Strength she has too and freedom of interpretation. She responded to an encore, playing a Waltz by Chopin.

## SANGAMOS WILL PLAY KNIGHTS OF COLUMBUS

Game Will Be Played at Liberty Hall This Evening—Visitors Have One Victory Over Locals

The Sangamos Electric basketball five will hook up with the Knights of Columbus five in Liberty hall at 8:30 o'clock tonight.

The Sangamos were here about three weeks and won a close game from the Knights. The local tossers are going to try and reverse the decision tonight.

The Knights are working hard and are not discouraged by their defeat at the hands of Myers brothers on Tuesday evening. The men are showing much better form and will give a good account of themselves this evening.

The Sangamos will have English and Jenkins in their lineup. These players are two of the strongest in Springfield and will make the locals step to keep them away from the goal. The teams will line up as follows:

Sangamos—Jenkins, Bergstrom, forward; English, center; Johnson, Ostmeir, guards; Knights of Columbus—Zell, Carson, forwards; Costello, L. Woulfe, centers; Clancy, H. Woulfe, Flynn, guards.

Andrew of Illinois College will referee.

**Jacksonville Chapter No. 3 R. A. M.** will hold a special convocation this evening at seven o'clock. WORK. Visiting Companions welcome. W. P. Spillman, E. H. P. John R. Phillips, Sec.

## SPEED BOYS DEFEATED INDEES LAST NIGHT

Won Game by Score of 49 to 7—Have Game Booked With Chapin Team for Next Week

The Speed Boys made a runaway game with the Indies at Liberty hall Thursday night. The final score was 49 to 7 in favor of the Speed Boys.

There was not much to the game the Indies being outclassed from the start. It soon resolved itself into a question of how many points the victors could score.

Gebert and Murkatroyd were the chief point makers for the winners while Keating, Burnett and Phillips scored the losers' points.

The Speed Boys have arranged a game with Chapin for some night the coming week, the date to be announced. They would also like to book another game with the Invincibles. The score:

Speed Boys	F. G.	F. T.	Ts.
Gebert, f.	10	0	20
Sullivan, f.	4	1	9
Norris, c.	3	0	6
Pulasky, c.	0	0	0
Murkatroyd, c.	5	1	11
Conner, g.	0	1	1
March, g.	1	0	2
Totals	23	3	49

Indies	F. G.	F. T.	Ts.
Phillips, f.	0	1	1
Keating, f.	2	0	4

## LOCAL SPORTSMEN MET FOR ORGANIZATION

Will be Affiliated With State Association—Large Membership is Sought.

Jacksonville is to have an auxiliary of the Illinois Sportsmen's Association. The preliminary organization steps were taken Thursday night at a meeting at the city hall, when F. L. Sharpe was chosen chairman and T. A. Chapin secretary. As the annual meeting of the state association is to be held in Springfield next Thursday, the temporary organization elected delegates. The men named as delegates are F. L. Sharpe, George Wheeler, Wesley Robertson, E. E. Crabtree, Charles M. Strawn, A. M. Masters, Oliver Coultas, Allen McCullough, W. T. Craig, Albert Curry and Joseph Grout.

Another matter of business was the appointment of a committee on membership, which includes George Wheeler, Frank Matthews and Charles Thompson.

A canvass for members is to begin at once and the hope is to have large representation from the city and county. All persons who are interested in the conservation of game, fish, birds and the natural beauty spots of Illinois are eligible to membership. The membership fee is 50c and of this amount 40c will remain in the treasury of the auxiliary organization. In announcing the state meeting, H. C. Norcross, president of the association said recently:

"If you are fully in accord with the movement for the conservation of our game, fish, birds and the natural beauty spots of Illinois, it is your duty to see that the community where you live is represented at the conference to be held in Springfield on the above date."

"We are going to give careful consideration to wild life protection from every angle—game and fish, birds, forest preserves, state parks, public shooting grounds, etc. The foundation is going to be started for a great movement for the preservation of Nature's handiwork in this grand and glorious state of ours."

"It has been the custom of the Illinois Sportsmen's League to take the initiative in calling a conference in Springfield every two years where sportsmen et al are given the opportunity to discuss proposed changes in the existing game and fish laws, and other matters of interest to those who enjoy life in the great outdoors. These gatherings have been quite interesting and instructive, and the attendance has been growing each time."

"The conference this year will be held at the St. Nicholas Hotel, Springfield, Tuesday, March 8th. There will be three sessions, morning, afternoon and evening. And we want to impress upon the minds of everyone to make arrangements to remain for the night session which will be really the most entertaining part of the program."

"We expect this to be the biggest and most interesting conference ever held in the State on Wild Life Conservation. Chief Game and Fish Warden, Mr. Ralph P. Bradford, has pledged his hearty and enthusiastic support to the proposition and is helping to arrange the program."

"It is now up to you Sportsmen to give a demonstration of your loyalty to those who are working for a 'Square Deal for the Sportsmen, Game and Fish, Landowners and Tenants,' by attending this meeting. If we have only a few present it will be rather strong evidence that those who hunt or fish are not very much interested in the cause."

## ENTERTAINMENT AT WOODSON

Entertainment by Busy Bees of Woodson Christian church, 7:30 p. m., Saturday, March 5; admission, adults, 15c; children, 10c.

## AT WESTMINSTER

Officers of different boards of Westminster church met Thursday night with Dr. and Mrs. Thomas W. Smith at the parsonage for conference. It is the plan of Dr. Smith to hold these joint meetings at stated intervals for the free and frank discussion of church interests, and the officers are finding the conferences very helpful. The social feature was not lacking last night and Mrs. Smith served refreshments.

Jess Alexander and family who have been living north-west of the city will leave today for Ada, Minn. where they will make their home. John W. Alexander and family who have been visiting here will return with them.

BREEDERS BANQUET  
AT PACIFIC HOTEL

Fifty Members of Morgan County Association Discuss Plans for Fall Show—Some Interesting Addresses Made.

About fifty members of the Feeders and Breeders Association enjoyed a banquet at the Pacific hotel Thursday evening, March 3rd. The holding of a livestock show during the month of September this year was discussed.

President L. A. Reed presided at the conclusion of the banquet and called upon different ones to speak. Charles Gibson was the first speaker. He told of some of the benefits of the association as he saw them. Associate Advisor H. J. Rucker was the next speaker, talking along the same lines as did Mr. Gibson. He pointed some reasons why the breeders of the county would be benefited by such a show.

J. L. Henry also made a talk on his observations while in the commission business at East St. Louis, where different counties were benefited by pure bred stock. He also told of what he had done in connection with finding a place to hold the show.

Dr. Koppert was asked to talk along the line of what the people of Jacksonville would do in regard to supporting the show.

Earl Spink, secretary of the Rotary Club, told what he thought the club would do in regard to the show. D. T. Heimlich was the next speaker and talked along the line of what he thought the farm adviser of the state and Morgan county could do to benefit the farmer, also the benefits that would arise from a livestock show. F. A. Seymour of Franklin, Howard Stevenson and J. W. Arnold favored the show in short talks. Mr. Arnold emphasized the fact of keeping the boys and girls interested.

Mr. Rucker at the suggestion of Mr. Heimlich read a letter from the state poultry association in regard to the appropriations they were trying to get from the state legislature to carry on their work in Illinois. Mr. Heimlich asked that the Morgan County Breeders Association go on record favoring the plan and send resolutions to the legislature to that effect.

Charles Gibson made a motion that the Morgan County Breeders Association go on record as favoring the appropriations and the secretary to notify its representatives to that effect. The motion was seconded by J. W. Arnold and carried by a unanimous vote.

Short talks regarding the show were made by A. D. Arnold, L. A. Reed, Scott Green and others.

C. L. Hawker made a motion that the Morgan County Breeders Association foster a livestock and agricultural fair or exhibition to be held in the fall of 1921. The motion was carried. Mr. Henry made a motion that the chairman appoint different committees to arrange for the show. A number of talks were made by different ones as to the plans for financing the show.

## Liberberry Aid Societies Met

The Ladies' Aid of the Baptist church of Liberberry met yesterday afternoon at the home of Mrs. J. M. Daniels. There was a good attendance and a great deal of sewing was done.

Mrs. James McFarland was hostess yesterday afternoon to the Aid society of the Liberberry Christian church. The ladies spent the afternoon sewing for the society and owing to the good attendance, much was accomplished.

## Gave Theater Party

Mr. and Mrs. George Orear entertained a limited number of friends at a dinner party at the Peacock Inn Thursday night. After the dinner Mr. and Mrs. Orear's guests were members of a theater party, witnessing "Adam and Eve" at the Grand. Among the guests were Mr. and Mrs. Boynton Warren of New Berlin.

## Congregational Guild Elects Officers

The young woman's guild of the Congregational church held a meeting yesterday afternoon in the guild rooms of the Pilgrim memorial. The result of the election of officers named Mrs. Gene Keefe as the new president and Miss Lillian Havenhill as vice president.

The members discussed plans for the coming year and after the business session, enjoyed a pleasant social hour. Excellent refreshments were passed during the afternoon.

## Woodson Christian Church Society Met

The Woman's Missionary society of Woodson Christian church held a meeting yesterday at the home of Mrs. Hattie Ezard. Mrs. Fred Henderson was the leader for the day and after the devotional services, "Africa" was taken up as the afternoon's subject. The discussions were taken from the Missionary Magazine "World Call." There was then an exercise called "Hidden Answers." This is derived from the book which contains questions with answers hidden in the reading matter.

Mrs. Herbert Owings, the president, presided at the short business meeting which followed the program. There were about thirty-five members present at yesterday's meeting. This fact is evident of the interest which is taken in the society activities. A social hour and dainty refreshments ended a pleasant afternoon.

## Had Woman's Tea

The Woman's Missionary Society of the First Baptist church met at the home of Mrs. Dennis Schram on South Main street yesterday on South Main street yesterday afternoon. The event was the regular meeting and a birthday tea.

Mrs. O. N. Barr was the leader for the afternoon's program. The chapter in the new study book, "The Survey," was "Neighbors who must be friends." The devotionals were led by Mrs. E. O. Mayer. There was a social hour and the enjoyment of a pleasant social hour closed the afternoon.

The following ladies, whose birthdays occurred during the last quarter, acted as assistant hostesses: Mrs. Rabjohns, Mrs. Hardesty, Mrs. Mayer, Mrs. Schram, Mrs. Jackson, Mrs. Samples and Miss Withee.

## Salem Aid Holds Meeting.

The Salem Ladies Aid held an all day meeting yesterday at the home of Mrs. W. C. Cleary. There was a large attendance of members and guests. At noon Group No. 2 served a very good luncheon. The business session followed with Mrs. Frank Green, the president, presiding. The opening song was "What a Friend We Have in Jesus."

Mrs. Green read the Scripture. Mrs. Andy Harris led in prayer. Following the business session a short program was rendered. A paper on "The Modern Parable" by Mrs. Harry L. Davies. Reading by Mrs. W. C. Thompson. Reading by Mrs. J. A. Ledford. Paper, "Health Essentials for Rural Children," by Miss Fannie Boyd. One new member was added to the society, Mrs. J. W. Ledford. The meeting then adjourned to meet April 7th with Mrs. R. E. Phillips.

## Missionary Society of Woodson Church Met

Members of the Missionary society of the Woodson Christian church met Thursday afternoon at the home of Mrs. Nettie Ezard. Most of the members were present and there were several guests. The leader of the afternoon was Mrs. J. F. Henderson, the general topic being "Africa." The program was well arranged and one which the women found very helpful and inspiring. A piano duet by Mrs. Louise Henry and Mrs. Fred Kitzer was a pleasant feature of the afternoon.

One of the business matters discussed was relating to the tri-county C. W. B. M. meeting which will be held in the Woodson Christian church on March 24. It is planned to serve luncheon in the church basement at noon on the date indicated.

## Baptist Aid of Liberberry Meets

Mrs. J. M. Daniels and Mrs. J. T. Litter were hostesses to members of the Ladies' Aid society of the Liberberry Baptist church Thursday afternoon, at the home of Mrs. Daniels. A good attendance marked the occasion and all present found the meeting a profitable one. Included in the program were readings by Mrs. D. K. McCarty and Miss Edith Scribner.

Some time was spent socially after the program and the hostesses served refreshments before the guests departed.

## Liberberry Christian Church Aid Meets

The regular meeting of the Ladies' Aid society of the Liberberry Christian church was held Thursday afternoon at the home of Mrs. Robert McFarland. The members were present in goodly numbers and there were also several visitors in attendance. The scripture lesson was read by Mrs. McFarland, who is the president of the society, and Mrs. J. A. Henderson led in prayer.

Among matters of business given attention was the supper which the church ladies are to serve tomorrow night. This is the annual chicken supper of class No. 6. A number of Victoria selections added much to the program of the afternoon. A social hour followed the program, and at this time the hostess served refreshments.

## Helping Class of Hebron Hold Open Meeting

Members of the Helping class of Hebron church held an open meeting Thursday afternoon which was attended by all but two of the eighteen members. Mrs. Walter Wheeler presided and the following program was given:

Song—Class.  
 Prayer—Rev. Raye Ragen.  
 Scripture reading—Mrs. William Richardson.  
 Secretary's annual report—Mrs. Emmitt Brown.

Roll call—Response by quoting passage of scripture.

The class history was given by Mrs. Charles Bealmear. The class was organized in August 1915. Mrs. Bealmear said at the home of Mrs. Berna Daubard. She gave interesting facts about the class and its work thru the years of its existence.

Superintendent Gene Hart made brief remarks in which he told of the benefit of the class to the Sunday school and church and of its influence in the religious life of the community.

Little Esther Marie Ward gave a most pleasing reading and the program closed with the singing of "My Father Knows," by the class and the class benediction.

The teacher of the class Mrs. Richardson is moving away and Mrs. Frank Hunter has been selected as teacher.

Following the program and business session excellent refreshments were served. The domestic committee was composed of Mrs. Thomas Fox chairman, Mrs. Kate Brown, Miss Anna Mae Wilson and Mrs. L. Waterfield.

## ENTERTAINED FRIENDS.

Mr. and Mrs. Irwin Patterson entertained friends at their beautiful country home northeast of Jacksonville Wednesday evening. The event was planned by Mr. and Mrs. Patterson and was a success and a very pleasant time was enjoyed by all. The evening was spent in playing various games. Music was furnished with a piano-player, Mrs. Durrell Crum. Arthur Johnson and Charles Samples also took part in a musical program. At a late hour delicious refreshments were served. Those present were: Mr. and Mrs. Charles Samples, Mr. and Mrs. Ona Crum, Mr. and Mrs. Earl Rexroat and son, Alden Earl; Mr. and Mrs. Willard Young, Miss Mabel Johnson, Miss May and Floyd Martin, Walter Long, Paul and Arthur Johnson, Orville Peterson, Miss Thelma Litter, Miss Smith, Earl Myers, Miss Margaret Chapman, Russel McGee, Miss Rosa Atter Ivan, Bateman, Miss Lillian Bateman, Mrs. Reaugh Jennings. Those from Jacksonville who attended were, Everett Kopp, Mrs. Ernest Clark and daughter, Helen, and Miss Irene Miller.

## New Home Sanitarium

Incorporated

A Private Surgical Hospital

Thru its Public Health Department Says:—

Your LAST CHANCE should not be wasted just because someone, tho a physician, told you that your time has about come to answer that roll which only angels understand. Life is too sweet to let anything stand between you and its extension. There is wisdom in "I'll try as a last resort The New Home Sanitarium, 323 W. Morgan Street." Many have found there, that it was a serious error when they were told that the angels were knocking at the door. Bear in mind that the nurses and surgeons of The New Home Sanitarium are never happier than when relieving the suffering or extending leases on borrowed physical frames. Don't wait as so many have, until that last chance is about gone and then blame us when we can't put life in dead bodies. Death brings the millionaire and the tramp to the same cold bed. Don't wait—unless you are getting "Homesick."

## INAUGURAL WEATHER IS MATTER OF CONCERN

Weather Conditions on Past Inaugural Days Reviewed—Taft Inauguration Marked Climatic Climax.

Washington, March 3.—(By Associated Press.)—Viewing the weather probabilities of Inauguration Day in the light of the law of averages the odds probably would be laid as follows:

Fair and Balm—12 to 1.  
Mild but overcast—3 to 1.  
Cold and Damp—Even.  
Very Cold and very damp—4 to 5.  
Snow, hail, etc.—3 to 1.  
Blizzard—18 to 1.

The cold mathematics of historical record would indicate such odds to be fair. It is an even bet that Mr. Harding will need an overcoat when he rides to the Capitol and three chances out of five that some one should be nearby with an umbrella and overshoes. It seems to be safe at twelve to one that Mr. Harding will not experience the perfect Spring day which greeted Mr. Wilson on the occasion of his first inaugural.

On three occasions Washington has given the inauguration crowds a weather welcome in which warmth was conspicuously absent. President Grant's second ceremony was "bitter cold," the chronicles of that day recorded, the wind being of the "keen, fierce" kind.

"Young cadets parading without overcoats were removed insensible from the lines," says one account which described the quadral hall as a "most dismal affair" at which the "various champagnes were found frozen."

Mr. Harrison met with a "bleak and bitter cold day with a raw wind blowing," but the historians neglect to mention the conditions of the liquids.

The climatic climax, however, came with the inauguration of Mr. Taft when a blizzard howled out of the north, crippling telegraph wires, starting trains and utterly spoiling an elaborate program. Thousands of spectators waited in the railway cars in cold drifts miles from Washington while Mr. Taft was being sworn in the senate chamber, the first indoor ceremony in 75 years, if the historian will ignore the more or less informal inaugurations of Tyler, Fillmore, Johnson, Arthur and Roosevelt for unexpired terms.

The fierce nature of Washington's weather gods has led to many movements to change the inaugural dates—the proponents of a later date being equal to those who believe that the induction of the new President and Congress should follow more closely the "verdict of the polls." Tradition, only, is responsible for the maintenance of March 4 as the time for the ceremony, it is said, a careful research of legislative records failing to reveal the specific naming of that day.

Two theories are prevalent as to the manner in which the present date was selected. One is that the revolutionary fathers, after an exhaustive computation, became convinced that March 4, would not fall on Sunday in any leap year. Somebody evidenced erroneously evaluated their "x" quantity, in that case for March 4 has come on Sunday three times since Washington's inaugural in New York.

The second theory is based on the minutes of the first constitutional convention where the delegates (under date of Sept. 13, 1788) "did resolve unanimously" that the first Wednesday in January be the day for appointing electors in the several states; that the first Wednesday in February by the day for the electors to assemble in their respective states and vote for President, and that the first Wednesday in March, next, be the time and the present seat of Congress the place for commencing proceedings under said Constitution.

The first Wednesday in March, next, happened to be the 4th, according to those holding with the second idea, and March 4, therefore, weather notwithstanding, has been the day for "commencing proceedings."

Dr. McDonald is an expert on post-mortem work. In this particular case the hogs had cholera. Apparently they had taken cholera too soon after vaccination for the virus to have been the cause. Dr. McDonald says however, that a great many complaints have been made over the state this season about the serum failing to hold the disease. This general complaint is causing the serum makers a great deal of trouble. No one really understands what the trouble is. Dr. McDonald is not in a position to make many calls of this sort and does not do so except where a disease has ten beyond the control of the local veterinarian.

## Daily Market Report

### PRICE OF GRAIN MAKES ADVANCE

(By the Associated Press.)  
CHICAGO, March 3.—Higher  
prices for grain resulted today  
from news that a definite time  
limit had been fixed in which  
Germany must accept the repa-  
ration terms of the allies. Prices  
closed strong 2 to 2½¢ net high-  
er, with March \$1.70½ to \$1.70½  
and May \$1.61½ to \$1.62.

Corn gained ¼¢ to ¾¢ to ¾¢ to  
1¢, oats ¾¢ to ¾¢ and provisions  
2½ to 3½¢.

Strength showed itself in the  
wheat market at the time of the  
opening, and also some reac-  
tions took place, they failed to  
last, and the close was at the  
highest point of the day.

Other bullish factors included  
talk of probable domestic crop  
damage. Besides a good demand  
from mills was noted with some  
improvement in the flour trade.

What little success the bears at-  
tained was associated with un-  
certainties of the industrial out-  
look and with assertions that the  
official figures on farm reserves  
March 8 would be large.

Prospective falling off in re-  
ceipts of corn tended to lift the  
value of that cereal and of oats  
as well. Export sales of corn  
continued.

Higher quotations on hogs  
helped to lift provisions.

experiences as a missionary there, at the M. E. church. The first address followed the splendid banquet served by the Mens' Bible class. The other was to the general public in the church auditorium at 8 p. m.

Rev. Thornton expects to return to Japan some time in April. There was a mass meeting held at the opera house Friday evening to further discuss the proposition of building a new community high school building. H. M. Thrasher, high school supervisor of the state department of public instruction was the principal speaker.

Unless the people of the Greenfield community arise to the need of a larger building the high school will be taken from the accredited list of high schools. Saturday an election was held for the purpose of voting for the erection of a new community high school. Excitement ran high over the issue, and over 1300 votes were polled. The proposition carried by a majority of 280 votes.

## S. S. CLASS MET

Mrs. O. N. Barr's Sunday school class held their monthly meeting at her home on South Church street, recently.

When the roll call was called there was a good attendance. The minutes were then read and approved.

Business was attended to in a general way. The whole class voted to start on a membership drive.

A program committee was appointed consisting of Virginia Gaskins, chairman; Edith White and Lorraine Torry.

Virginia Gaskins and Edith White favored those present with several piano solos. Then every one adjourned to the kitchen where a fine time was enjoyed popping pop corn.
